An engagement session is a fun and creative 3-hour photo shoot done prior to your wedding. It allows you to become comfortable with me as your photographer and me to get to know you better as a couple. You will have 50 edited photos to use for invitations and/or to display at your wedding.

This session can be upgraded to a location outside of the Kansas City, MO area. These photos can be custom designed and printed as wedding invitations for an additional cost.

WEDDING ALBUM \$1,000

A stunning leather flush mount album is the final masterpiece of your beautiful wedding. When browsing through the 30 pages of your individually designed 10" x 10" photo album, you and your friends can relive the story of your wedding day.

The wedding album can be upgraded to a larger size and/or include more pages (increasing the number of photos in the design).

SECOND DAY SHOOT \$800

Choose a day after your wedding, put on your wedding dress again and we will create more glamorous portraits for you. Photos from your second day shoot give your wedding album a creative boost.

Have a question for us? Read our FAQ.

How do we reserve our wedding date?

Send us an email with your wedding date, your information and the package options you are interested in. We will send you a proposal that you can accept and sign. A 50% non-refundable deposit is required to book Yanez Pro Studios for your wedding day.

How far do you travel? And will it cost us extra?

We travel all over the world! In addition to photographing weddings all over US from coast to coast. So we will go wherever you'll have us! We provide a custom package built specifically for your event so that you will know exactly what the expenses are.

What type of equipment do you use?

When you invest in Yanez Pro Studios for your wedding – you deserve the best! We have invested in cameras and lenses that allow us to create professional, sharp and high quality images. More specifically, we use 2 Nikon Cameras and Lens. We shoot in Native RAW format for the best possible quality. We also use off camera lighting equipment to capture your event in the best possible light and to create stunning dramatic photos during your photoshoots!

How many wedding photos will we get?

Depending on your wedding day and other factors, we will take about 1500 images on your wedding day. We will meticulously go through the photos and select only the best ones to give to you eliminating duplicate images, test shots, bad expressions and other images that may dilute the overall product. You will receive about 500 images.

How long does it take to receive my wedding photos?

We process your wedding pictures in the order according to the date of your event. Generally, you should allow 8-12 weeks for digitally delivered products. Our albums take approximately 3-4 months to complete. These albums are custom-designed by us and hand crafted by the best album company in the nation.

Are we able to view our wedding photos online?

Absolutely! We will create a private online gallery for you which you can share with your family and friends. Your wedding gallery is designed to work with all mobile devices as well.

Do you offer cinematography as well?

Yes. Our video team is amazing. What is even more amazing is that we work as a team. Instead of competing for a shot, we complement each other, creating exceptional photographs and extraordinary films to make your story truly and unforgettably yours. As an incentive, we give you a \$100 discount on both cinematography and photography packages.
